

BVSRG CREWS 2010-2011

During this year the BVSRG will operate with three accredited Skippers and a "one" crew list system.

BVSRG operates a 24/7 on-call availability for sea search and rescue.

Please Note:

- ☛ The duty Skippers are responsible for maintaining the emergency phone contact for their allocated Rosters.
- ☛ When a crew is required for an emergency call-out you will be contacted as to availability.
- ☛ This may occur at any hour day or night.
- ☛ If you are not available for emergency call-out at any time you must notify the duty Skipper.
